

HELP US!

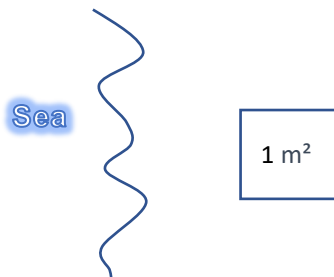

We would like to start an anti-plastic campaign that will request the new German government to become active in the subject of plastic waste. This campaign includes an investigation on how much plastic there is on the world's beaches. Please help us with this campaign! You can win great rewards...

Period of action: 15th November 21 – 15th February 22

Objective: Taking samples to determine the amount of plastic on beaches

1. Mark out the area to be investigated according to the following pattern:

One examination field with an area of 1 m x 1 m (1 metre = approx. 3 feet)

Beach of your choice

2. Look for plastic pieces in the square. (If necessary you can dig.)
3. Count the plastic parts.
4. Take a photo of the plastic pieces you found. (Optionally, take a photo of you and the plastic pieces you found.)
5. Send us your results and the photos in one of the following ways:
 - a) Link website <https://share-repair.ostseebad.eu>
 - b) email: shareundrepair@gmail.com
6. **Take the plastic waste with you and dispose of it in a rubbish bin.**

Results protocol

Email: _____

Place of Sampling/Country: _____

Result: _____

Don't forget to send a photo! You will only be admitted to the competition with a photo of your examination field.

If you have won, we will inform you via email.

Thank you for your commitment!
